THE PUKKA PAD GROUP

www.pukka-pads.co.uk

ABOUT PUKKA PADS

At Pukka Pads we are passionate about our brand and love what we do! **Since 1998** we have created and produced innovative paper-based products for the world's stationery industry. We believe our experience, dedication and commitment over the last **25 years** has led us to be the leading brand in the global stationery market. We offer a huge range of merchandise from great quality pads to innovative, **stylish**, sturdy and **high-quality** products. Pukka Pads has a fantastic in-house design team to help the business create new **on-trend** designs. The team can not only create new Pukka stationery but also help our customers with designing and manufacturing their private label products.

In 2019 Pukka Pad acquired the much-loved US gifting and stationery brand **Carpe Diem**. Pukka Pad fell in love with Carpe Diem's ethos that the art of organising should be expressive, inspiring and create a sense of excitement about the future. From A5, personal and spiral planners to notebook holders and stationery essentials, Carpe Diem products are stylish, functional and perfect for both the planner addict and those just starting out.

We have a head office, a factory and a distribution centre based in the UK, and a sourcing team based in China.

With everything we have to offer, we truly believe there is a Pukka Pad for everyone!

REASONS TO CHOOSE PUKKA

1. Ethical sourcing
2. Complete supply chain management
3. High quality production
4. Fully audited sites
5. Personal account manager
6. Adaptive marketing team
7. In-house design service
8. Flexible & focused on building successful long-term partnerships

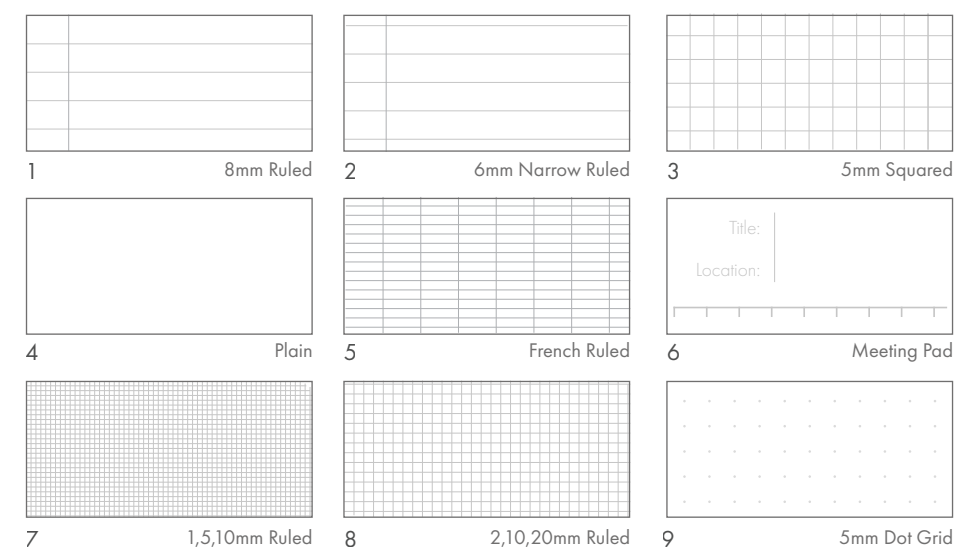

WELCOME TO OUR WORLD

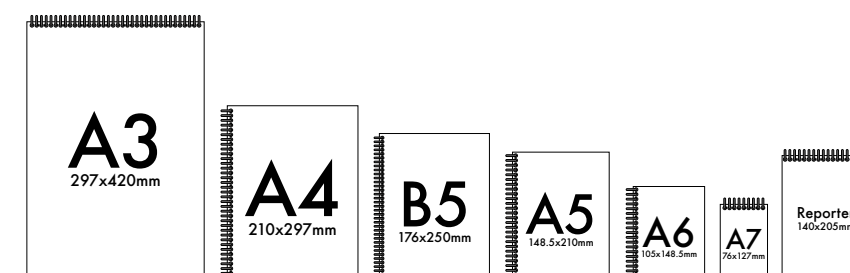

We strive to be fully informed of the latest developments and standards in paper production and promise to implement them into our business wherever possible.

PUKKA PADS & ENVIRONMENT

Pukka Pads realise that as a modern and progressive group of companies we have a responsibility to be aware of our impact on the environment and a duty to do everything in our means to lessen that impact. We want you to enjoy your Pukka product with the knowledge that we are doing our part. To ensure we live up to our long term environmental values, we have made a commitment to:

- Use paper and materials from well managed and accredited sources & suppliers only
- Undertake the manufacturing and shipping of our products in a responsible manner
- Produce recyclable pads and products only, wherever possible
- Recycle our office and warehouse waste and to encourage a healthy working environment
- Always look for ways to improve and secure the future of the paper industry

SOURCES & SUPPLIERS

All of the paper we use for our products originates from sustainable sources. The planting of new trees is important to us; it is a crucial part of eliminating our impact on the environment as well as helping to secure the supply of paper for future generations.

We take pride in ensuring all of our paper pads and notebooks are produced from paper which originates from sustainable sources. In 2010, Pukka Pads' production plant was officially double certified to both the Programme for the Endorsement of Forest Certification (PEFC) and Forest Stewardship Council (FSC®) chain of custody standards. PEFC and FSC® are international non-profit, non-governmental organisations dedicated to promoting Sustainable Forest Management (SFM) through independent third-party certification, established to support environmentally appropriate, socially beneficial and economically viable management of the world's forests.

MANUFACTURING & SHIPPING

All of the paper mills we use are ISO9001 and ISO14001 accredited. We also work closely with various recycling companies which allows us to offer recycled paper to all of our customers. As a global business the transport of our products is kept to an absolute minimum, we manage our shipping in such a way that allows us to distribute products all over the world but which does not see any unnecessary movement of stock.

ECO FRIENDLY PACKAGING

We are conscious of the impact of the materials we use and are proud to say that many of our products are now packed in plastic-free packaging. When plastic packaging is unavoidable we use shrink-wrap and poly bags that contain a minimum of 30% recycled plastic. These can be recycled alongside plastic bags at large supermarkets. All outer cartons in our supply chain are fully recyclable and contain at least 70% recycled material.

SOLAR ENERGY

In 2023 and 2024 we completed solar energy installations at our Lutterworth distribution centre and Bingley manufacturing site, with the help of our sister company Pukka Power.

At our manufacturing site, the installation of 620 solar panels spans 80,000 sq. ft. The panels will generate 272,910 kilo watt hours, which will help offset 52.78 tonnes of CO2 annually. That's the equivalent of planting 2,424 trees, or offsetting 334,546 commercial air-miles (based on 100 people per aircraft). Across both sites, the installed solar panels will reduce Pukka Pads' electric use by an enormous 71%.

ELECTRIC VEHICLES AND CHARGING POINTS

We are committed to eco friendly travel and use green transport wherever possible. Pukka Pads has its own fleet of electric vehicles, as well as three on-site electric charging points. All company forklift trucks are electric, contributing to a lower carbon footprint at our factory and distribution centre.

PLANS FOR THE FUTURE

We always keep our environmental impact in mind, and are passionate about protecting the planet. There is always more we can do, and we are keen to make more changes in the years to come.

By 2030, at least 50% of our notepad offering will be switched from FSC® Mix to FSC® Recycled paper. We also have plans to expand our solar panel installations, with the aim of ultimately running an entirely carbon neutral factory.

MERCHANDISING

PLANOGRAM & FSDU SERVICE

We offer bespoke product ranges for retailers and can create full display solutions. From customised planograms to tailor-made FSDUs, our merchandising options always display our products to their full potential.

Please contact the Pukka Pads Sales Department for further information: info@pukka-pads.co.uk

At Pukka Pads, when designing and creating any range we always keep the planet at the forefront of everything we do. But, we are always keen to be even greener, and went about designing something new. Our aim is to ditch the ‘boring’ stigma, and make saving the planet fun, cool and trendy with this new range.

A4 PUKKA PLANET MULTIPURPOSE PAPER

9857-SPP 5 Reams per Box

PRODUCT DETAIL

Supplied in CDUs, each including 5 reams of 70gsm, 100% FSC® recycled paper. Each ream consists of 350 sheets of A4 paper measuring 210mm x 297mm, providing ample supply for your home or office needs.

Designed to be used in both the professional workplace and at home, the multipurpose paper is compatible with inkjet and laser printers and copiers and can even be used for arts and crafts. So, whether you’re printing important documents, presentations or creative projects our paper will always deliver clear and consistent results!

Made from recycled material

KRAFT PAPER ROLLS

Perfect for your home and office, the Pukka Post Kraft Paper Roll is a must have for a multitude of reasons. You can use it for drawing or painting, either as a drop cloth or a medium. It makes a wonderful table cover for outdoor or messy meals. You can even use it as a sustainable wrapping paper, allowing you to create your own fun design for any occasion. Perfect for packing and shipping, wrap your delicate items or pad the box with extra paper. It's made of recycled materials and is recyclable when you're finished, making it an environmentally friendly option.

POST & PACKAGING

Cushions and protects items to prevent damage

Transparent for easy item identification

Suitable for packing small and large objects

PROTECTIVE BUBBLE WRAP FOR PACKAGING AND MAILING

A great resource for any mailing or delivery room, the small-sized air-cushioned bubbles protect contents from devastating breakage due to falls and accidents. While securely wrapped in Pukka Post Bubble Wrap, items will be safer for postage and travel, giving you peace of mind. The lightweight material won't weigh down packages, either. For professional deliveries, trust Pukka.

All-purpose in use, Pukka Post Bubble Wrap can be used at home when moving house, or for storage solutions. The non-abrasive material won't scratch surfaces or cause unwanted discolouration, so you can safely use the wrap for long-term storage to keep your fragile items in pristine condition.

Made in Britain, each wrap roll measures approximately 300mm x 20mm, for a versatile and universal fit for any packing need.

BUBBLE LINED ENVELOPES

Here at Pukka Pads we think these bubble envelopes are essential for sending out any fragile items. The lining in these mailers will provide extra strength along with puncture resistance, helping to protect the contents throughout the mailing process. They also have a useful strong self-seal closure, making these Pukka Post Envelopes perfect for mailing out fragile or delicate items.

DESIGN STUDIO

We wouldn't be able to provide any of this to our consumers without the help of our studio teams. Our team of talented designers stay on top of trends and with their vision, intense dedication and passion for the Pukka Pads brand this results in designs that delight and inspire consumers worldwide.

People expect more from our products and that's what they get. We have an innovation team dedicated to new product design. From concept to prototype, our innovation team use the latest research to develop everyday, school, and office supplies that consumers love.

Our studio love to innovate, so our product and design portfolio is constantly growing. We would love to share our team's vision with you!

CUSTOM MADE PRODUCTS

In addition to the many varied products listed, we also develop bespoke products exclusive to a brand or manufacturer. We offer a fully bespoke service and can create fully branded products to match your venue, brand or event. These can be:

- Selected from our range or created to suit your own
- Designed and printed to your requirements
- Packaged to meet your needs

If you are interested in purchasing for your own brand, minimum orders may apply. Contact us to find out how we can add value to your brand.

DESIGN PORTFOLIO

Contact your sales representative to view our products and design portfolio. Or why not discuss working with our design team? We can create exclusive cover designs suited to your own vision.
